MEMORANDUM FOR:

NSA

50X1

SUBJECT:

Request for Operational Support

50X1

1. This is to formalize an oral request which I have already placed with you on behalf of Project AQUATONE that arrangements be made for NSA to institute a preliminary read-out of System Three tapes collected by Base C, the findings to be reported promptly to Commander Base C and AQUATONE Headquarters.

2. It would be appreciated if you would inform [redacted] of this request as appropriate and indicate to him that a representative of the Commander Base C, Colonel Beerli, will shortly be in direct contact with [redacted] to make arrangements for providing such equipment as is necessary for read-out of System Three tapes.
